

In attendance:

Grace Frain (Guild President)

Nick McAlpin

Ben Dalton

Actions:

- Speak to Extinction Rebellion (perhaps Matthew) about the divestment campaign at KCL and the tactics used there.
- Speak to the Exeter Pound organisers (I've forgotten the name of the woman but she has been involved in lots of divestment groups as well).
- Redo our statistical research on students' priorities.
- Open Ethical Exeter up to the student body at large more.
- Find out exactly what the Uni's holdings are (especially as they're moving hedge fund managers in December).
- Other societies/groups:
  - Friends of Palestine, new fossil fuel campaign group (find out name), Effective Altruism Society, Red Cross, Student Action For Refugees (STAR - Chloe Chatard).
- Think of direct action campaigns vs. liberal reformism (i.e. KCL- direct action, even hunger strike in their case).
- Think about meeting the new DVP Sustainability with Grace.
- Centre for Circular Economy, Business School.
- Try to be highly organised this year and ready for others to take over next year if need be.
- Cambridge and Cardiff are interesting case studies. Research them!
  - Cambridge seems to recently have failed after initial approval. Why?
- Think about the idea of a council or core group of students. Is this a good idea?
- Think about making Ethical Exeter more horizontal rather than vertical in organisation.
- Get access to Ethical Exeter files digitally rather than just on paper. - Ask Madison Blochet.
